Airworthiness Controller

Airworthiness Controller (m/f/d), full-time, Grambach/Vienna: What do you think about a nine-to-five job? Nah, nothing for you? We think so too! PRIMUS AERO is a service provider in various fields in the aviation industry, but our focus is on private and business jets. We want to grow, not only in size but also in spirit, and this only works with the right people.

About you

- you have experience in continuing airworthiness management
- you have knowledge of a relevant sample of aircraft type(s) gained through a formalized training course
- you have experience with CAMP
- you are highly motivated with the capability to handle a demanding workload that requires accuracy
- you are willing to travel
- you are proficient in English – Fluency in reading, speaking, and comprehension

Being an Airworthiness Controller at PRIMUS AERO involves

- maintenance planning, documentation, and supervision
- TechLog control and updating in a maintenance tracking system
- AOG support
- communication and coordination with aircraft owners, operators, and maintenance organizations

Why you'll love working at PRIMUS AERO

- flexible working hours and the option for remote work
- diverse team with family spirit
- possibility for career development due to our current growth

We offer an attractive salary based on your expertise and skills. Candidates must hold a valid work permit for Austria.

Sounds interesting to you? We would love to hear from you! Send us your CV and application to jobs@primus.aero

In Austria, giving a minimum salary for the offered position is a legal requirement. The minimum annual gross salary for this position is EUR 38,500,- according to the Austrian collective agreement of the metal trade. However, feel free to forget this number immediately because your salary will mirror your skills and qualifications.
